

# Call for Papers and Posters UV/EB – Best in Class!

October 17–19,  
2017 in Prague,  
Czech Republic

## Europe's Event for UV/EB Curing

RadTech Europe invites papers for the 2017 RadTech conference and exhibition, to be held in Prague, Czech Republic from October 17-19, 2017. The three day conference and exhibition will address the future of radiation curing, examine new and emerging trends and innovations, and take a close look at new applications of UV/EB curing.

Innovative companies and academic/governmental research institutes are kindly invited to submit technical abstracts outlining the latest research, current developments and innovations in the field of UV/EB curing.

### Important Deadlines

Submission of title and abstract: February 24, 2017

Notification of acceptance: April 21, 2017

Submission of full paper: August 18, 2017

### Submission of Papers

Latest date for submission:

**24 February 2017**

Please mail your full paper title, abstract (120 words) and a Speaker's Biography online to

**[mail@radtech-europe.com](mailto:mail@radtech-europe.com)**

Your company name and full contact details are required.

The conference will be organized in several parallel sessions.

Papers are invited to contribute to the following topics:

#### Water Based UV/EB Technologies

- Products
- Applications

#### Advances in Photochemistry and Polymerization

- Fundamental research and development

#### Graphic Arts

- General new developments
- Inkjet – digital
- Packaging

#### Application Developments

- Wood furniture and flooring
- Paper
- Metal and Automotive
- Plastics
- 3D printing

#### Adhesives

- Pressure sensitive adhesives (PSA)
- Laminating
- Structural

#### Innovations

- New and emerging application areas, such as field applied, textile, aerospace, photovoltaics and specialty applications
- New tools
- Innovation in curing technology
- New chemistries, synthesis routes, renewable materials
- Nanotechnologies

#### Developments in Formulations and Coatings

- Additives
- Matting agents
- Photo initiator developments

#### Equipment

- UV (LED) lamps EB equipment
- Application and coating equipment

- Measuring and monitoring

Health, Safety and Environment and safe use of UV/EB technology

EB Applications

### Paul Dufour Award

The best paper of the conference will be honoured with the prestigious "Paul Dufour Award". Only papers submitted by the 18th of August will be considered.

### Paper Submissions

- Papers should be of a high technical level and of scientific significance and cannot have been presented elsewhere. Only contributions with non-promotional content will be considered. The use of trade names have to be avoided wherever possible.
- The oral presentations will be 20 minutes, followed by a 5-minute discussion.
- Submissions will be treated confidentially until the conference program will be published in late Spring of 2017.
- Speakers may benefit from a reduced conference fee. Please note that co-authors have to pay the full conference fees.
- Abstracts and papers must be written in English
- All paper submissions will be reviewed by the Conference Programme Committee.

Notification of the decision will be sent by e-mail no later than April 21, 2017. Full papers are expected by August 18, 2017.

## New Product Introductions

The RadTech Europe Conference & Exhibition 2017 will again offer a commercial session featuring *New Product Introductions* in the exhibition area. This is an exclusive opportunity for RadTech Europe members only to present their latest products and equipment. The commercial presentations should be max. 15 minutes in length, the cost is € 550,- per presentation (included in the type 1 exhibitor package).

Abstracts for commercial presentations may be submitted until September 16, 2017. Please note that places are limited and submissions are handled on a first-come, first served basis.

To become a member of RadTech Europe, please contact Elke Verbaarschot:
